MEMORANDUM FOR THE RECORD

SUBJECT: Meeting with Joint Atomic Energy Committee
2:00 P.M., 14 August 1962

The transcript of the hearing should be reviewed by Mr. Warner and corrected, also my comments in connection with the methods of collecting information in answer to questions by Representatives and Senators should be deleted from the record.

However I wish to retain, as an attachment to this memorandum, the exact transcript of this section of the hearing, as I believe it will be an important record at some time in the future and must not be destroyed or lost because of deletion from the official record. I agree that the exchange should be deleted from the official record even though the record is classified.

25X1 Also I wish a copy of my exchange with Representative Holifield on [] to be extracted and a copy of the exact exchange attached to this memorandum as the subject also will be of importance in the future.

25X1 As a matter of action I should review with McGeorge Bundy this hearing, the attempts [] to extract information on our
25X1 collection activities, the exchange with Holifield on []
